Art. 4 – Scholarship awarding procedure

Applicants' selection will be based on **admission** to one of the Master of Science programs of the Politecnico di Torino for the Academic Year 2022/23 and on the basis of the **GRE General Test/ GRE®General at home.**

For each **admitted applicant** a **general score** will be calculated on the basis of the **GRE General Test/ GRE®General at home results (all sections included).** For the **minimum score required** see art. 2 "Application requirements and incompatibility".

In particular the **general score** will be calculated as follows:

Analytical Writing	score obtained/6

The **final score** will be obtained by **summing up each result.**

Example	
Verbal Reasoning	$160/170=0,94$
Quantitative Reasoning	$158/170=0,92$
Analytical Writing	$4/6=0,66$
General score	$0,94+0,92+0,66=2,52$

Two separate list of standings (*Engineering and Architecture*) with students matching all requirements indicated in art. 2 will be drawn up based on the scores resulting from the calculation as explained above. **Scores will be ordered from the highest score, in descending order.**
